

Glogster Reflection Assignment

Due: 12/6/13

Directions: Your assignment is to go to the Glogster website, view 5 of your classmates "Glogs", and answer the questions below (some questions are different for each Glog). First, log on to Glogster with your username and password. Next, click on the Classes tab on your dashboard. Then click on the classmates in your class (ex: Health 1 F2013, [15 classmates](#)). At this point you should see every glog that was submitted for grading. Click on 5 different Glogs and answer the questions below (you have to click on the actual Glog in order to view it in full screen and see any videos).

Glog 1: Whose Glog are you viewing?

What drug did they research and what is their slogan?

What are the short-term effects of using the drug?

Name your favorite thing (attribute) about the page—be specific!

Glog 2: Whose Glog are you viewing?

What drug did they research and what is their slogan?

What are the medical uses for the drug?

Name your favorite thing (attribute) about the page—be specific!

Glog 3: Whose Glog are you viewing?

What drug did they research and what is their slogan?

What are the common nicknames of the drug?

Name your favorite thing (attribute) about the page—be specific!

Glog 4: Whose Glog are you viewing?

What drug did they research and what is their slogan?

What are the long-term effects of using the drug?

Name your favorite thing (attribute) about the page—be specific!

Glog 5: Whose Glog are you viewing?

What drug did they research and what is their slogan?

Where does the drug come from or how is it made? AND what are the methods for using the drug?

Name your favorite thing (attribute) about the page—be specific!
